12. (Unclassified - LLM) Mrs. Rose, Civil Service Commission, called in connection with the Commission's preparation of their annual legislation submissions to the Office of Management and Budget. She said they were prepared to endorse the CIA Retirement Act amendments which the Agency had submitted to OMB in 1971 and asked about the status of those amendments. I explained that the amendments had been held up by OMB pending resolution of a funding problem which affected all retirement systems in common; that it was our understanding the problem has now been resolved in the case of foreign service legislation; that we expect to be hearing from OMB shortly, and that we plan to include the amendments in our legislation submission to OMB in connection with the 93rd Congress.
